

TENSEI™ CK PRO RED

Mid to High Launch and Mid Spin

The TENSEI™ CK Series Pro Red profile modernizes MCA GOLF's higher launching bend profile. The multi-material design includes an extended Carbon Fiber/Kevlar® weave in the butt-section and a boron reinforced tip-section, that together refines and stabilizes the shaft's overall bend profile and improves feel, making it a versatile fit for player look for a higher launching profile.
